

KUMON PUBLISHING

2024 SPRING CATALOG

Who is Kumon Publishing?

We are an innovative publisher of workbooks and other educational products designed to teach children math, verbal, and early learning skills. Our goal is to foster a love of learning in children around the world.

Our books and learning aids:

- teach basic skills and concepts
- facilitate learning without frustration
- nurture good study habits and concentration
- motivate children to learn on their own

We have more than two decades of experience in creating high-quality products that are fun and educational.

Why Choose Kumon Workbooks?

The Kumon Method is what makes our workbooks so unique and effective. Our proven learning system was developed to help each child reach his or her full potential. Concepts are introduced in an intuitive and step-by-step manner that allows children to master each skill in turn without getting frustrated. Before long, children gain confidence in their abilities, which motivates them to learn independently.

What Is Kumon?

Mr. Toru Kumon, Founder of Kumon

Kumon [koo-mon] began over sixty years ago with a father and son in Japan. High-school teacher Toru Kumon created the Kumon Method to help his son, Takeshi, improve in math. Today, Toru Kumon's step-by-step, individualized approach to math and reading has grown to become the world's largest supplemental education program, with learning centers in 62 countries and a student population of over 3.54 million.

Managing Your Money: Personal Finance for Kids

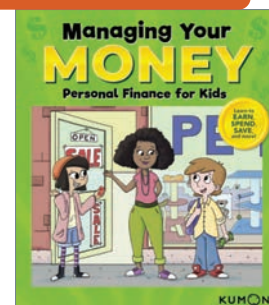

BUILD FINANCIAL LITERACY!

Managing Your Money will teach your kids the basics of personal finance! This book covers the foundational topics everyone should know before they become responsible for their own finances. The book is told through cartoons and dialogues that walk the reader through how to responsibly earn, spend, and save money, as well as what to know before using credit or investing. Activities are interspersed throughout that allow the kids the chance to apply their math skills, do their own research, and create plans to achieve their financial goals. This book is aimed at ages 11-13, or at any learner who wishes to master the fundamentals of managing their money.

8 × 9 ¼ • Paperback • 128 pages • Full color • US \$12.95 / CAN \$17.99 •

KUMON Ace the Grade

“SKILLS FOR SUCCESS IN THE CLASSROOM AND BEYOND!”

Kumon Ace the Grade series is designed to offer your child a workbook with a wide range of subjects and topics they will learn at each grade level. Full of curriculum-based activities to help your child practice and improve their skills in the main four subject areas: math, ELA, science, and social studies. Additional activities give your child practice with essential skills that are not always taught in the classroom such as coding, personal finance, mindfulness, and other life skills. Each workbook is divided into Units that cover concepts from core subjects to offer your child a more varied learning experience. This ensures that your child is not bored or frustrated by a subject they might find challenging and encourages them to work through the entire book without feeling overwhelmed. Together the exercises and activities in this book will help your child prepare for success in the classroom and beyond!

Everyday Math

A NEW SERIES THAT BUILDS PRACTICAL MATH SKILLS THROUGH FUN ACTIVITIES

Math is all around us, and the *Everyday Math* series gives your child a chance to master the skills they need in their daily life. These books use games and activities to engage children and get them excited to learn math. Each book features cut-out manipulatives to provide children with the opportunity to practice hands-on learning. The first two titles, *Telling Time* and *Addition and Subtraction*, are aimed at students who can read and write numbers up to 100, calculate simple addition and subtraction, and look at the hands of a clock and tell the time approximately.

8 ½ × 11 • Paperback • 128 pages • Full color • US \$10.95 / CAN \$14.95

MathBites

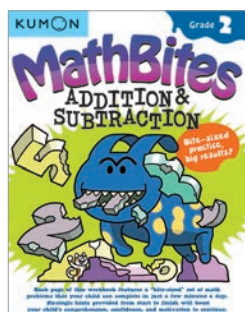

BITE-SIZED MATH, BIG RESULTS!

Is your child afraid of math? It's an unfortunate reality that many young children end up with the mistaken idea that they "can't do math." Kumon MathBites workbooks are designed to help children who are struggling with confidence in math develop calculation skills and feel a sense of accomplishment in their work. Each page features a small, "bite-sized" set of tasks that your child can do in about a minute. The supportive structure of each page emphasizes effort and practice to boost your child's motivation to continue.

Kumon Math Boosters

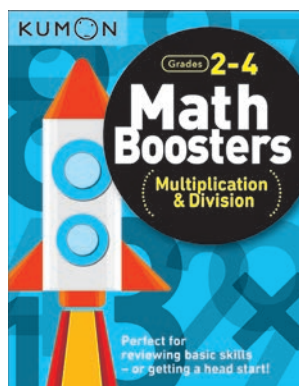

PERFECT FOR REVIEWING BASIC SKILLS OR GETTING A HEAD START

The Kumon Math Boosters series is designed to help children who either need to improve their basic math skills, or who are slightly ahead of the curve. They accomplish this by combining multiple years of curriculum in one book and following the famous step-by-step Kumon approach, which reduces anxiety and frustration. Whether your child needs a little extra review and reinforcement, or is ready to jump ahead to the next level, Kumon Math Boosters are the right choice.

Are You Ready for High School Math?

EVERYTHING YOUR CHILD NEEDS TO KNOW TO BE READY FOR HIGH SCHOOL MATH TOPICS

Are You Ready for High School Math? brings together all the math topics your child will need to know to be successful in early high school math classes. This book will help your child review and master key concepts from middle school algebra, geometry, probability, and statistics. By completing the lessons in this book, your child will be better prepared for high school math and may boost their standardized test scores. Kumon math workbooks offer step-by-step practice that allows your child to progress without feeling frustrated or overwhelmed when faced with new problems. This workbook will help your child develop confidence in their math abilities.

STEM Missions Workbooks

SOLVING PROBLEMS WITH SCIENCE, TECHNOLOGY, ENGINEERING, AND MATH

Kumon STEM Missions Workbooks offer students a fun way to explore interdisciplinary topics by combining science, technology, engineering, and math questions to strengthen problem-solving skills. In this workbook, your child will complete several STEM “missions” designed to increase their critical thinking and problem-solving abilities. Each mission asks your child to read science passages, answer questions about the passages, solve math problems, and use the knowledge gained to create or design a solution (engineering) to a real-world problem. Featuring life science, earth science, and physical science topics, these workbooks are sure to get your child interested in the connection between what they learn and how it can be applied to the real world.
